To,
Caitlyn Carey
Medical Imaging Manager
Yukon Hospital Corporation
5 Hospital Rd, Whitehorse, YT
Y1A 3H7
April 1, 2025

Dear Caitlyn Carey,

My name is Shweta Rathod, and I am writing to express my keen interest in the Ultrasound Technologist Position (Requisition #ULTRA001253) at the Yukon Hospital Corporation. I have completed my M.D in Obstetrics and gynecology (IMG) and have over 7 years of clinical experience as a consultant doctor and assistant professor in India. Transitioning into my new career, I am pursuing a diploma in the Generalist Diagnostic Medical Sonography program at Canadian National Institute of Health, Ottawa. Amongst my top achievements, I bring a strong foundation in patient care, diagnostic evolutions, and mentoring students in the medical field. Additionally, I have gained valuable clinical experience assisting physicians in triage, diagnostics, and patient care in Ottawa as a Medical Assistant.

With a strong clinical and academic foundation, I would be an ideal candidate for this role. I am proficient in sterile technique, infection control, and using medical systems such as EMR. My ability to educate, support, and comfort patients, combined with knowledge in cross-section anatomy, Ultrasound Physics, and OB-GYN procedures, makes me well prepared to work in diverse and high-pressure environments and provide accurate imaging support to radiologists and physicians.

The values of Yukon Hospital Corporation—compassion, community care, and professional growth deeply align with my goals. I am enthusiastic about contributing my skills and dedication to your dynamic medical imaging team. Thank you for considering my application. Please feel free to contact me at (613)853-0280 or srathod19@cnihi.ca for any further information.

Sincerely,

Shweta Rathod
